

PVRFC Club Membership Categories

Version

1.0 2018 -19 season

Introduction

Pewsey Vale RFC has a number of membership categories dependant on the type of activity a person wishes to have with the club. Membership fees are set by the club management committee and are subject to variation. The following categories are currently valid.

Full Senior Playing Membership

All players will have full membership of the club. This includes provision of club playing kit, kit cleaning, coaching, insurance and the opportunity to apply for, and purchase international tickets.

Fees are £180 per annum, paid either as a single fee or by standing order of 12 instalments of £15.00.

In cases where players cannot commit to a full season or are in full time education a fee of £10.00 per match is applicable

Family Membership

Junior members (under the age of 18) are members by way of family membership. Family membership is for up to 3 persons under the age of 18. Membership gives coaching and the right to apply for and purchase international tickets.

Fees are £75.00 per annum paid either by a single fee or by standing order of 3 equal payments.

Vice Presidents

Any adult can become a vice president. Vice presidents have the right to apply for and purchase international tickets and will be invited to at least one complimentary event during the season. VP fees are £75.00PA

Committee Members

Members of the club management committee if they are not already club members or VPs are granted complimentary VP status whilst serving on the management committee. This privilege is lost once the person leaves the committee

Life Membership

Life membership can be granted at the sole discretion of the club management committee and is given to individuals for exceptional services over a number of years to the club. Life membership is complimentary for the life of the member and confers all the benefits of both full membership and vice presidency.

Hardship

It is the stated aim of the club that no player, senior or junior, will be excluded from playing because of economic circumstances. The president's fund exists to pay the fees of the player for up to 12 months prior to review. The grant is payable at the discretion of the management committee. A grant may be for more than one year but is subject to annual review.

Voting

All current members (provided their payments are up to date) have the right to vote at the club AGM and any special meetings calling for a vote set by the management committee. Members can call for items to be added to any agenda for such meetings
